

Summer Fruit Slush

Ingredients

2 ½ cups water

1 cup sugar

1 (6 oz) can frozen OJ concentrate, thawed

1 (6 oz) can frozen lemonade concentrate,
thawed

4 large firm bananas, sliced

1 (29 oz can) peaches, drained and chopped

1 (20 oz can) crushed pineapple, drained

Mix, Freeze, & Enjoy

Mix all ingredients well together. A large glass bowl or glass 9 x 13 pan works best. Cover and freeze. Grab on your way to your get-together. Don't worry about keeping this frozen as it'll need some time at room temperature/outside to make it slushy enough to scoop out with a spoon.
