

What you need:

Clear contact paper

**Items you collect on a nature hike or
in your backyard**

(they need to be able to be flattened)

Scrap paper

What you do:

Have fun collecting your nature items.

**Cut two matching pieces of contact paper &
remove backing of one piece.**

**Have your child place the nature items on the sticky side of the
paper. Once finished, sandwich the items in with the second
piece of contact paper (sticky side to sticky side).**

**Trim any rough edges & “frame” with
scraps of paper that you have around the house.**

**Hang in your window for a fun decoration
that will reflect the seasons.**
